

Dear Parents,

BayCoast Bank is proud to announce that we have partnered with your child's school to offer the "Student Savers Club". This program is designed to help teach children the importance of saving their money.

Each month a representative from BayCoast Bank will visit your child's school so that students have the opportunity to "do their banking". Children can visit with our representative to have their deposits counted and recorded in their journal. We will then print out and mail a receipt to the child's home after each banking day. At the end of each month, an official bank statement will be mailed.

This program is a great way to get children excited about saving and only requires a few things from you:

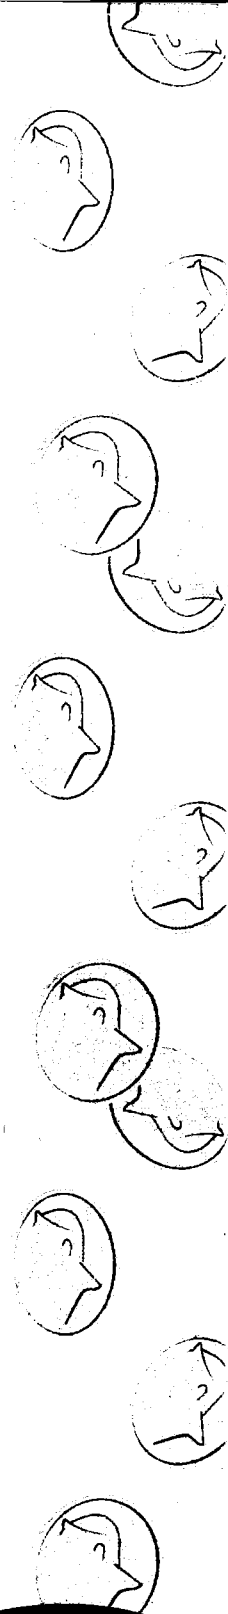

- Gather all the necessary information outlined on the enclosed form so that we may open your child's account
- Start to think of some creative and fun ways that your child can "earn" their money and encourage them to save it in their account
- On your designated school banking day (to be determined), send your child to school with their journal, cash or check made payable to BayCoast Bank and we will take care of the rest

BayCoast Bank representatives will be on site during Parent/Teacher Conferences on October 15th to collect your child's information. Each child that opens up an account will receive an opening deposit of \$5.00 and a special gift! Returning participants will also receive a special gift with their first deposit of the new school year.

If you cannot make the Parent/Teacher Conferences and would like your child to be part of this program, please complete the attached forms and return to the bank in the envelope provided.

If you have any additional questions regarding the "Student Savers Club", please don't hesitate to contact one of our banking representatives at (508)675-4430. We look forward to helping your children start saving for their future!
